If you're like I am, you've always believed that the whole idea of the G-spot was just some lame bullshit thought up by a bunch of fat guys who work at porno magazines.

I never really thought such a thing existed, and it didn't matter much, cuz I've always been easy to get off. It doesn't take much to make me cum. Just give me a nice hard dick, or even my own fingers, and I can reach orgasm before you can spell the word C-U-M. I guess I'm just an over-sexed, 19-year-old, chick, but the first time I slept with my new guy, Joe Guido, I had the fuck of my life!

Guido (as his friends call him) and I had been dating for a few weeks, and though we had been having some really sexy makeout sessions, we had yet to do the deed. I normally like to take it slow, but I was getting ready. I just couldn't wait to see Guido naked. Is there anything sexier than that first fuck with a new guy, or the first time you get to see that guy naked?

One night, we had been kissing on my bed for hours, and forgive my saying so, but I was seriously ready for some cock. I reached over and began to pull his zipper down. When he slipped his jeans off, I was greeted with a lovely sight, a nice lump in his underwear that looked VERY promising! I peeled his jockeys off, releasing his hard cock. When it poured out of his shorts, the first thing I noticed was its unusual shape. Hard as a rock, it pointed upward with an arch like no other cock I'd ever seen — not that I've seen that many.... It was HOT!

"How am I gonna' get that fucking thing inside of me?" I joked out loud.

Guido just smiled and climbed on top of me. He pulled my jeans off and then my panties. By this time I was so fucking wet that he slid in balls deep in one quick push.

The feeling of him filling me up was nuts! He started fucking me, and as he pumped his cock in and out, it felt so good I thought I was going to pass out. Something

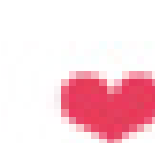

about the way that curved prick fit was driving me insane! He was touching my insides in a way I'd never experienced. I felt like my snatch was one big nerve!

All of a sudden, I felt this sensation grow inside of me like a wave. My vajayjay clamped down on his cock like a vise as I started cumming all over him. My orgasm lasted for a while. When I finally stopped shaking, I could feel my thighs wet with my juices.

"Holy shit — what just happened?" I asked.

"I think we just found your G-spot, Gina," he said, a big grin on his cute face.

Hey — now I'm a believer!

You know, being by yourself gets a bad rap from a lot of people, my friends especially.

They think we all have to hang out together all the time, and I guess I'm just growing up or something, because I like spending time by myself, especially lately since I have learned how to do a few new things that are lots of fun to do alone. I mean, don't get me wrong, it's nice to have someone around once in a while and I love all my friends, but I totally need my alone time. I have a dopey older brother who's a totally obnoxious retard, and a younger sister, so things are always hectic at our house and there's no time to be alone. Anyway, I guess I need to just get on with it and tell you what I'm getting at... you probably already know what I do when I'm alone... but I'm kinda' embarrassed about talking about it.

I have a friend who's three years older than me, and she is like totally sophisticated when it comes to boys and sex and stuff, so she's been really helpful when I have questions. I like this one guy at my school, and even though some of my friends think he's a total stoner dick, I totally think he's hot and really want to do stuff with him. My friend Alexis told me I wasn't ready to be with a boy like Sam because I didn't know how to please him. Alexis is right. I certainly don't know what to do, and she was cool to take me under her wing and teach me those things. I don't mean that she practiced with me like a lezzie or anything... well, besides some tongue kissing... but what girl doesn't make out with her girlfriends nowadays?

The first thing Alexis did was to buy me a vibrator to play with. Alexis told me I had to use it every day on my pussy so I knew how to please myself. She said it

was important to know my own body. I don't know if that's true, but I sure like doing it. In fact, sometimes I do it a couple of times a day, and two Saturdays ago, I pretended I wasn't feeling well and just laid in bed and diddled myself all day long like a real whore. It was like I never wanted to stop cumming — ever! No, sir!!! One isn't always the loneliest number... especially if you've got a big, shiny dildo to party with!

Laying in bed alone using my dildo on myself inspires me to think up dirty new sex stuff I want to do with Sam some day soon. I talk to Alexis about it, and she said I was pretty kinky, and that maybe Sam wasn't the type of boy I should be going after. I don't know if the stuff that I fantasize about while I'm playing with myself is all that weird and kinky because I have nobody but Alexis to talk to about it, but it sure makes me cum hard. Alexis suggested I send in some test shots to TIGHT so I did, and here I am. She said I'm made for this stuff, and I'm beginning to agree. The other night, I had a real dirty thought about being handcuffed to a hospital bed and having hot wax dripped on my naked pussy and tits. I also thought about being whipped on my ass and pussy and thighs between getting like totally power-fucked by this big group of strange men. I also fantasize how I want Sam to fuck my ass like a whore really hard in a dirty abandoned building, or out in the woods while I'm tied to a tree.

Maybe Alexis is right. Maybe I'm too much for a guy like Sam! Anyway, it's all her fault. She bought me the damn thing in the first place.

Growing up on the farm I always did the girly chores.

I learned how to cook and clean and do the household work, but for some reason my favorite thing was the hard work. The stuff the boys were supposed to do! Like pitching hay and hauling feed and all the dirty stuff. I was always trying to get my dad to teach me how to do the stuff the boys did, but he never wanted me to learn.

But then, this summer, I was like, "I'm a grown woman now and I can learn how to pitch the hay down off the loft if I want to! I'm sick of baking pies!" So, I went into the barn and found one of the farm hands, Randy, and asked him to teach me. Randy is a really nice guy and he's always been sweet to me, so I figured he'd teach me everything I wanted to know, and you know what? I was totally right! Except I didn't know about everything that Randy wanted to teach me.

He took me up into the hayloft and showed me how to hold the pitchfork so I wouldn't pull my back muscles, but I kept getting it wrong, so he came around behind me to show me how to hold it right, and I was like, "Oh my god, Randy, that is not your belt buckle!"

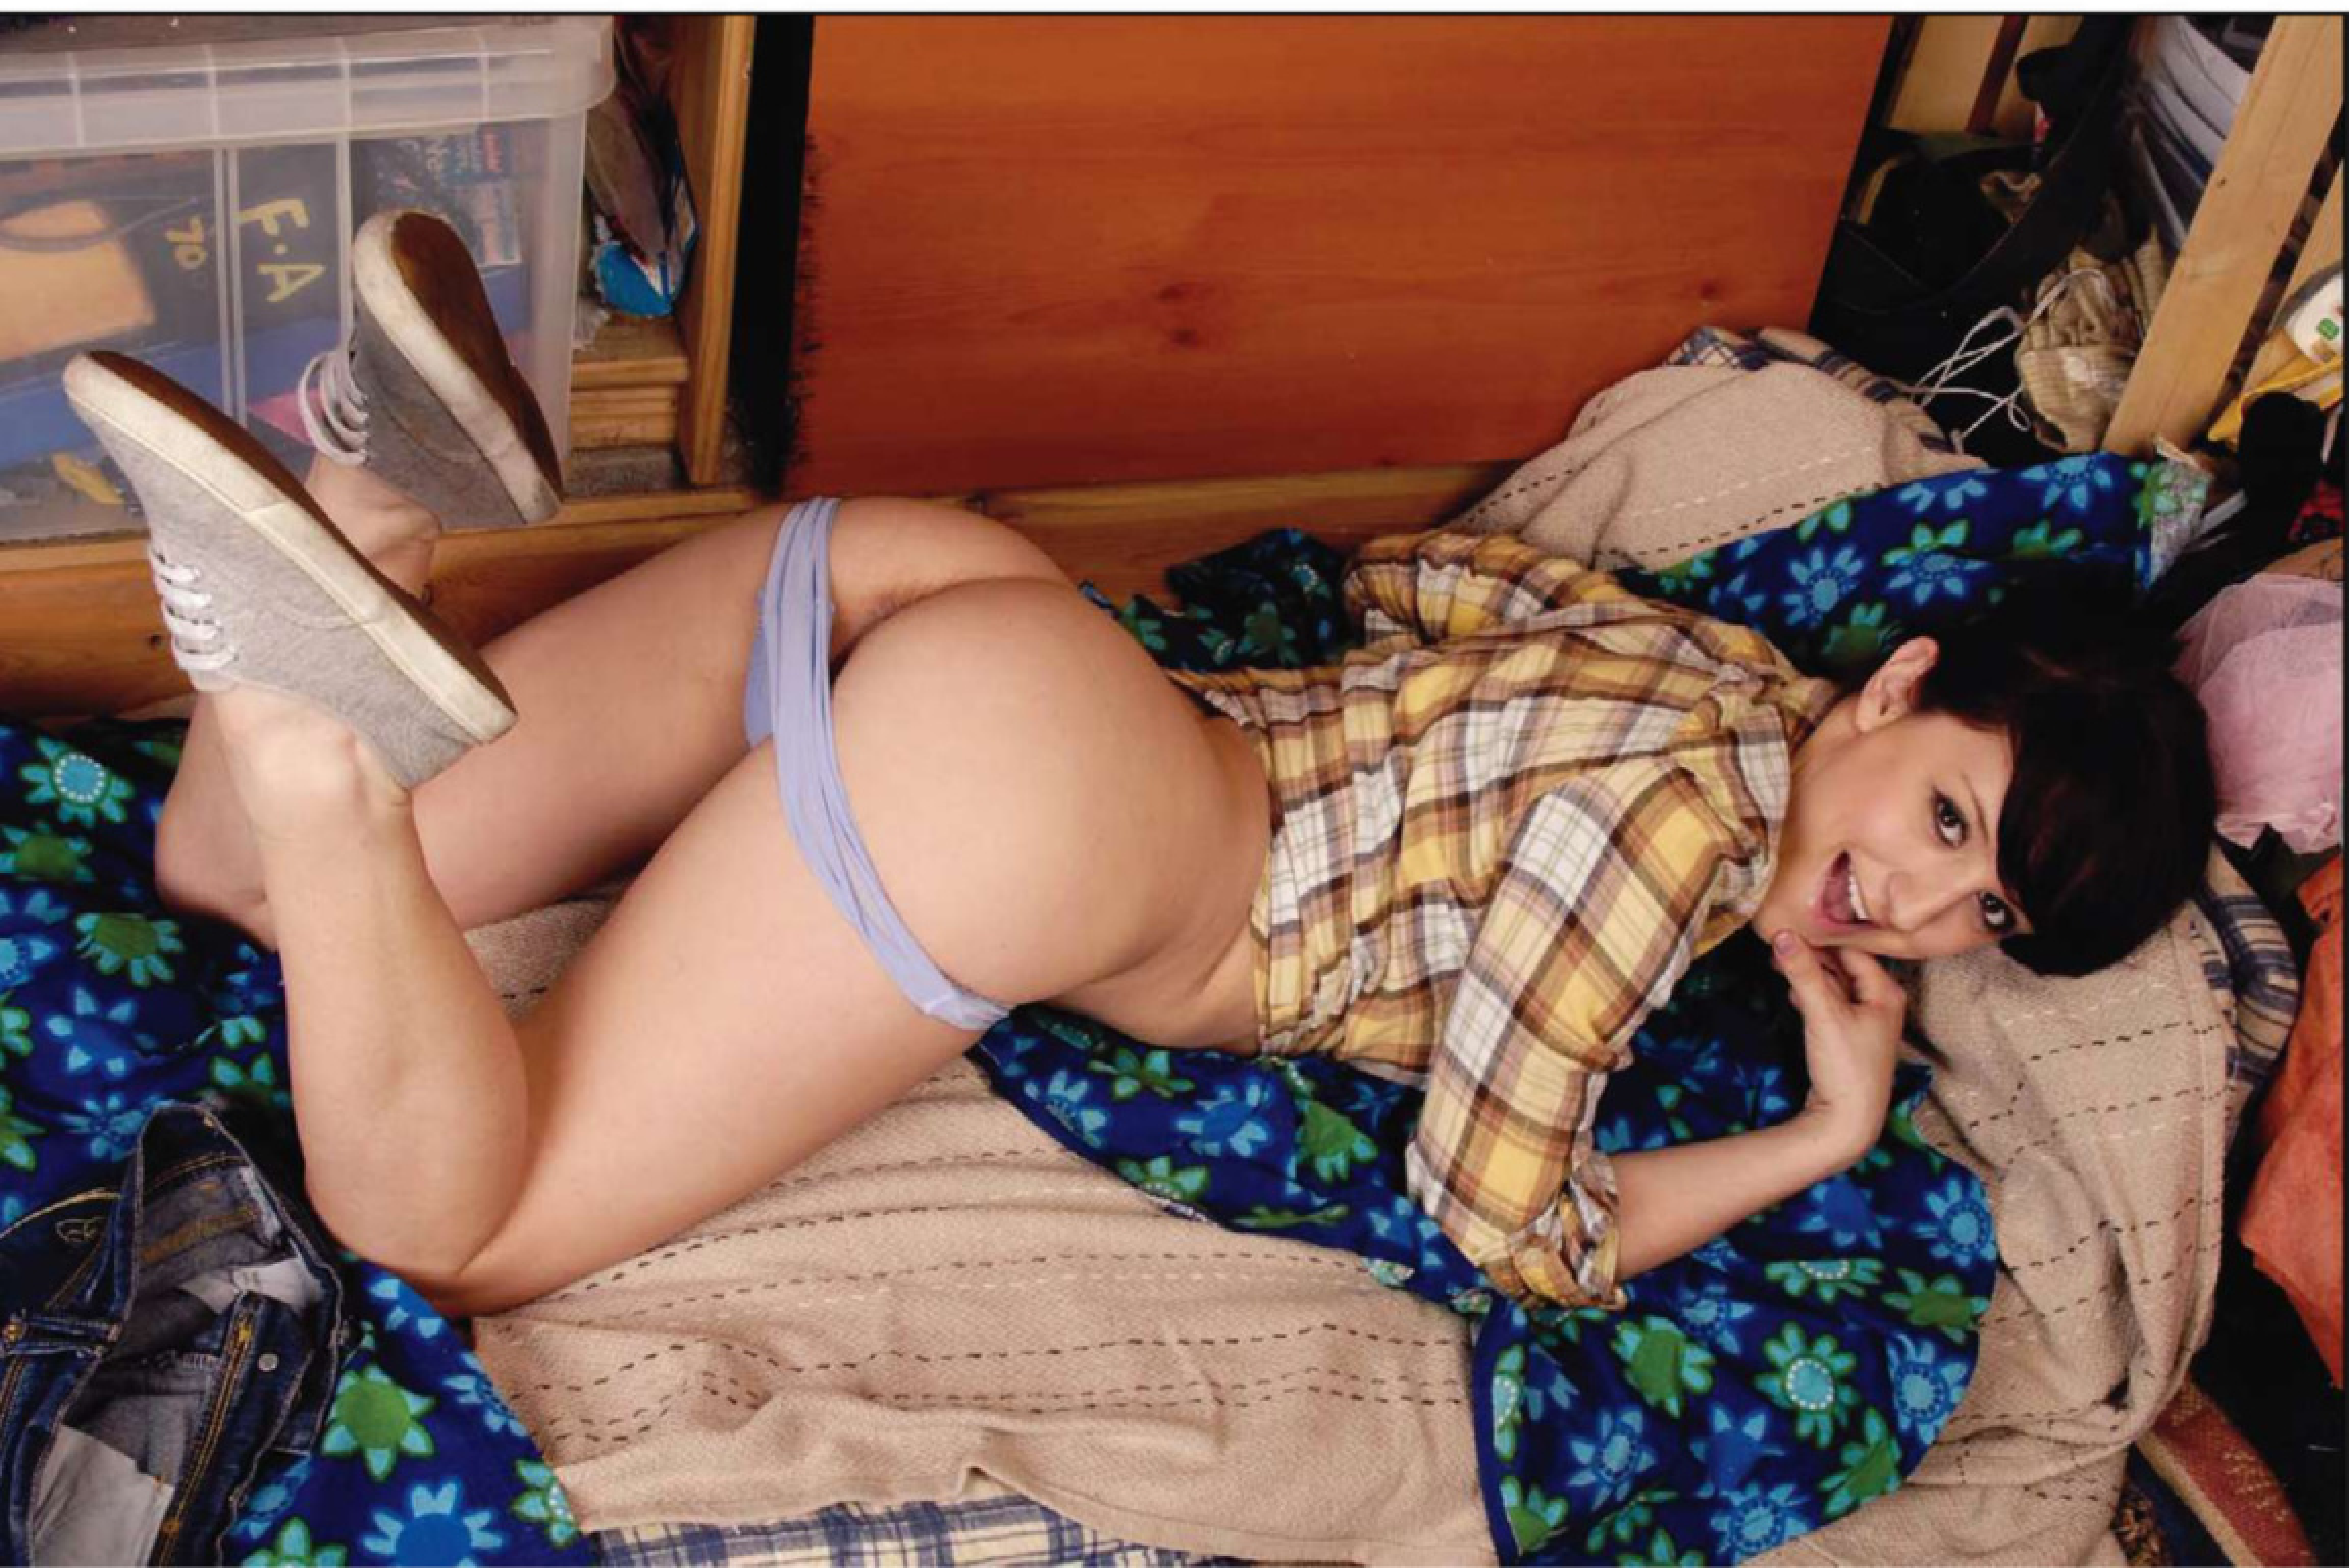

I dropped the pitchfork and turned around, and sure enough Randy had a big erection! I didn't even know what to say, but luckily Randy didn't want me to say anything. He just pushed me backwards into the hay and started kissing me, and at first, I pushed him away because if my dad ever caught me with him he would kill us both, but oh my gosh, he was using his tongue and putting his hands all over me, and I felt like I was melting inside my pants, like I couldn't stand up because I was just jelly.

Then, Randy takes out his boner and starts playing with it. He says, "Fanny, I've been wanting this for a long time." I was surprised because his thing was huge! Like I have never seen one that big before (I haven't really seen very many, but still). I was like, "I can't fit that in my mouth or my teeny little pussy! No way!"

Instead of putting his peepee away, he took off my shirt and started playing with my tits, and then he smooshed them together and put his thing between them and started moving it up and down, like they were my pussy! It was so weird, cuz it wasn't my pussy at all, but it felt so good that I started getting wet anyway! It was like Randy was in so much control of me, and it was so hot and felt so good I had an orgasm right there in my pants at the same time he had one, and he squirted his stuff all over my boobs! It was amazing!

Needless to say, we cleaned ourselves up really quickly so my dad wouldn't find out, but I've been taking secret lessons from Randy for a while now and he's taught me a bunch of new "chores" with all kinds of new tools I didn't even know people used on farms. I tried to show a few of them here for you, in TIGHT, and I hope Randy sees how good I'm doing. He says TIGHT is his favorite magazine and he's super proud I get to be in it!

Hey y'all! I'm so excited to be in TIGHT Magazine!

I've been wanting to do some modeling since I was little, on account of it always seemed so glamorous and different from growing up in the country like I did. I always wanted limos and lipstick and beautiful gowns, and this is my first step toward that kind of a life!

Anyway, I work in a diner in the city, and one day at lunch, this man came in, and oh, lord, he looked just like Sean Connery! I am not kidding, y'all. He was old and distinguished, and he had this way about him like he had seen the world... ya' know what I mean? He came in, and he sat at one of my tables, and he ordered an espresso! I was like, Oh my gosh, this man is cultured!

So, I got him his espresso and when I gave it to him, he looked at my name tag.

"Kylie, have you ever been to Paris?" he asked, and he had this accent! I just about fainted right there!

"Of course I haven't been to Paris," I said. "I'm just a farm girl from Kentucky!"

"I have some lovely pictures from the city of light," he said. "I would like to show them to you."

He knocked back that espresso in a second, and off we went to his hotel room to look at his pictures or whatever, and oh my god, y'all, they were just drawings of naked girls with hairy armpits!

"I am an artist," he declared in his sexy accent, "and I have been all over the world, but you, farm girl from Kentucky, Kylie, you are fresh in a way I never have seen."

And then that fancy artist came over and took out his thing, and I was so surprised I just sat

there and stared at it. It didn't look like you'd think an old guy's thing would look — it was all firm and it didn't have any wrinkles or weird sags or anything!

"You make me want to draw you, but before I can do that, I must get my passion under control."

I didn't know what to do, but I kind of wanted to see what it felt like, so I grabbed it. It was so soft on the outside, but so hard, too! I started stroking it like I saw in a movie my dad left in the DVD player one time, and he started making all these weird noises. Then, he stood up so his big hard thing was near my mouth. I opened my mouth and I started sucking on it while he moved it in and out, which was almost as wet as my sugar dish, if you know what I mean!

Suddenly, he stopped and his whole body got tense, and the next thing I knew, there was this warm salty stuff squirting into the back of my mouth! I almost choked, but my throat shut off and I kept it all in my mouth.

After that, the artist pulled his pants back on, and without a word, started drawing me like nothing ever happened! I still have one of the drawings he made hidden in my bedroom, but you guys are the first people I've ever told this weird story to! It made me feel really beautiful and glamorous, like I've always wanted to, and anyway, I got fired from the diner for leaving in the middle of the day. So, now I'm pursuing my dream of a glamorous life by modeling, and you guys are the first ones to get to see me in a REAL magazine!

The thing about cock size is that it's sort of a myth

— like a Hollywood fantasy. I mean, if you watch porn, you get the impression that ALL of the guys are seriously hung. We all know that's NOT true, but the fact is, the big ones ARE out there. It's only a matter of time. If you have sex with enough guys, sooner or later, you're gonna' come across the proverbial big dick. It just happened to me, and I'm really not that experienced. I'm only 18!!

It was my second date with this guy named Ted. He was seriously cute and I was sort of anxious to get into his pants. Little did I know what I was about to find in there!

We had gone to see this super silly movie, and we laughed so hard at the end of it, we were the last ones out of the theater. When we got to the car, the parking lot was already pretty much deserted. Ted leaned over and kissed me. It was our first kiss and the sparks just flew! Things heated up pretty quickly, and before I knew it, he had his hands down my pants. There's something so hot about a guy slipping his finger inside of you. I was pretty turned on, so I decided to repay the favor. I reached over and started to unzip his jeans. As I fumbled for the zipper, I was totally amazed by the feeling of this big hard lump in his crotch. I unzipped him slowly as my eyes locked on the huge bulge in his jockeys. I looked Ted in the eyes and he was just softly grinning. I think he knew that I liked what I had just discovered.

I pulled the material of his underwear aside and just stared at his thick uncut prick laying rigid against his stomach. I swear I almost came just looking at it! We sat there silently for a minute, he knowing that he was about to get laid, and me just contemplating what it was gonna' be like to get impaled by all that cock. Well, I managed to get that python in me much better than I thought I would, and even though it did hurt, it hurt so good I didn't care. Like I said, I'm only 18 and just starting out, but I can tell already, with cocks as big as Ted's on the loose out there in the world, it's gonna' be one heck of a ride!

I was kind of worried TIGHT Magazine wouldn't want me if they found out about what happened at the pool last summer,

but when I told the guys at the magazine, they were like, "That's GREAT! Tell our readers, too!"

I was surprised, cuz I thought that in a magazine for *men*, they wouldn't want to read about girls getting with other *girls*! Like, that's not what guys want to hear about, right?

Oh my god, I just gave it away! Now you know the WHOLE story! I guess I might as well tell you the details since I gave away the ending.

So, in the summer, I work as a lifeguard at this outdoor community pool, and last summer, there was this girl named Tatiana working there too. She was an exchange student at the local college. Do they have exchange students in college, or is that just high school? Well, whatever, she was from like Hungaria or Krainia, or something. Tatiana was cool — guys loved her because she had these big boobs. Like WAY bigger than mine!

Anyway, one day it was really cloudy and cold, and nobody was coming to swim. All the other guards went home, and it was just me and Tatiana left in case the weather cleared up. Suddenly, it started POURING and we ran into the equipment shed. We were totally soaked, so we took off our T-shirts and shorts, and then Tatiana took off her top! I guess in Hungaria it's no big deal to strip down, but, like, whoa!

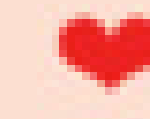

She said, "You can take yours off, too. We're both girls." Then, she took off her bathing suit *bottom* that was under her shorts! I was like, well, we ARE both girls. So, I took off my suit, and when I turned back around, Tatiana was staring at me, and she came over and kissed me! I guess it was the thunderstorm making me feel all electric, cuz I started kissing her back! It's crazy, but it felt so nice to kiss her! And her boobs were like... I started squeezing them because they felt so nice and soft, and then, before I knew it, Tatiana had her lips on one of my little nipples, and she was sucking and biting! I didn't know girls could do that to each other and have it feel so good!

Then, well, it's embarrassing to talk about, but the guy from the magazine told me you guys would want to hear about it, so... Tatiana laid me down on a towel on the floor, and then she spread my legs waaay apart, and started tickling my coochie with her tongue! She put her finger inside and moved it around until she found this one spot that felt SOOOO good! Then, Tatiana put her mouth on me again while her finger was touching that spot inside me over and over, and it felt like something inside of me exploded in her mouth! It was amazing! I guess I had an orgasm right then, but it was the first time I ever had one in my whole life, so I didn't know what it was at the time. I just knew I wanted ANOTHER one!

So, I laid Tatiana down like she'd done with me, but

A full-page photograph of a woman with long, wavy brown hair, smiling and looking over her shoulder. She is wearing a red and white halter-neck bikini. She is leaning against a stone wall, with her hands resting on it. The background is a lush green garden with yellow flowers. The entire page is framed by a thick red border.

So, I laid Tatiana down like she'd done with me, but instead of just licking her, I straddled her face and we both licked each other! It was SO FUN! Tatiana's European pussy tasted sweet and musky like cantaloupes. We must have done that for like, hours! When we came back out of the shed, it was sunny and warm, and there were like twenty people waiting to get into the pool! Oops! We let them all in for free so they wouldn't tell our managers, and we never told anybody about our little "pool party" during the thunderstorm!

So, I'm a cheerleader, so what? Lots of girls are cheerleaders, but for some reason, everybody thinks that I'm a total slut because I'm the captain of the squad. Like, where did that come from? I'm really good at cheering and choreography, so of course I'm the captain! That doesn't mean I give it up to any random guys! I've had a few boyfriends, but I never let them get near my special spot because I'm saving myself for someone I really love! All these guys think I'm gonna' just give it up to them for no reason. As if!

Except... well... okay, I'll tell you guys this because you're all responsible adults, and you don't go spreading rumors like the jerks in my high school! There was this one guy. It was after a home football game and the crowd was leaving, and I was on the field packing up all the cheerleading gear, but there was too much for me to carry. This guy comes up, and I've never seen him before. He looked kind of older, like maybe he was in college or something. Anyway, he offered to help me with the equipment.

So, I said sure, and he helped me pick it up, and we went to the equipment shed behind the grandstand. I'm showing him where to put stuff and he goes, "I always get so turned on by being alone in little places like this!"

I'm like, "What? We're not alone! There are still like a hundred people out there!"

And he's like, "Yeah, I like danger."

Then, he just starts moving toward me like he's gonna' grab me! I ran for the door, but he came up behind me and reached over my shoulder and held it shut! I was like, "Who ARE you,

trisha

anyway?" He just pinned me up against the door and kissed me! I was totally freaked out!

Then this freak got down on his knees and moved my panties aside under my cheerleading skirt and started licking at my special spot! Most of the guys who think I'm a slut, they always try to get me to suck their cocks, but nobody ever did this! It felt so good, I didn't even want to stop him! He kept licking me while using his hand to hold the door closed.

Then, I heard people outside trying to push the door open! The guy just held the door shut and put one of his fingers inside me! I didn't know what to do! The door was pushing and people were yelling outside, but getting eaten and finger-fucked like that at the same time felt so good! I felt my pussy involuntarily squeeze on his finger, and everything kind of went black and I fell back against the door! When I opened my eyes, the guy was standing up fixing my uniform, and then he just opened the door! There were like five football managers out there!

"Just... just putting some equipment away, guys... sorry..." I said, but I was all out of breath!

The one manager was like, "Dude, Trish, what are you doing in there? You know there's an escaped convict loose in town, right? You could have been getting murdered in there! We were so worried!"

"Well don't worry, I wasn't getting murdered, you retard," I said, and I turned to the guy I'd been in there with and he was totally gone!

Oh my god! Do you guys think maybe he was the convict! It turns out some bank robber or something escaped from the prison in the next town and they never caught him! I can't believe I let a criminal do that to me! Don't tell anyone at my school, okay? If they find out, they'll think I'm even more of a slut than before!

My Dad has never been one to spoil me, but when I graduated high school with honors, he surprised me with a brand new Mac Titanium! I'm not a real techno-chick, but who doesn't love a new laptop? The very first night I got it, I was up late in my bedroom playing around exploring all the features. I stumbled into this chat room, and before long, I had hooked up with some random guy who was trying real hard to get with me. I was pretty horny myself — what 18 year old girl isn't? — but with him, somewhere out there in cyberspace, the evening didn't really look that promising. That's when he asked me if I wanted to cam with him. I had never even SEEN a webcam! I told him I didn't have one, but he asked me what kind of computer I had, and when I told him, he said there was one built in! After a few instructions from my mystery friend, a screen popped open and there he was. And shit — he was CUTE! I was shocked at first, not even knowing my laptop had a built in camera, but within a few minutes we were into a serious session of cyber love! He was getting really into it, and to tell you the truth, I didn't need much convincing myself. Did I mention that I'm always kinda horny?

He was talking in this real sexy way, and then, all of a sudden, he asked me if I wanted to see his cock. My stomach did a little flutter when he asked that question, but to my own surprise, I answered "sure." He unzipped and fished it out, and I found myself

staring through the glossy computer screen at a very nice looking, fat prick. I was speechless. I felt a certain dirty feeling that was both dangerous and arousing at the same time. My parents were asleep only feet away from me, and here I was looking at a strange boy's rigid cock!

He kept talking dirty to me — and began to stroke himself slowly. He asked me to take my T-shirt off, and without even thinking, I did exactly as he asked. When I slipped it off, and he got an eyeful of my heavy breasts in my silky white bra, his hand tightened around the base of his prick and he started really going at it. I just stared as he jerked himself off. This was REALLY hot!

He asked me to pull my bra aside, and I did as I was told, letting one breast fall out to the side. It felt sexy, the weight of my tit falling into my cupped hand. His eyes widened at the sight, and then I saw him reach to grab something. He had a bottle of lube and squirted some into his hand. When he rubbed it all over his big dick, the shiny liquid made it look even bigger. I took my breast and raised it to my mouth, giving the nipple a lick. That seemed to trigger some deep primal reaction in him, and he started to stroke his shiny cock furiously. In seconds, I saw him convulse as he started to unload all over himself. Heavy spurts of cum shot out of his cock. The sight was fucking incredible! Then, all of a sudden, he reached forward and the screen went blank. My mystery man was gone. I don't really have to tell you what I did next, do I?

Okay, I'll admit it, when my friend Karina told me she was doing it, my first reaction was that it was SO wrong. Selling your panties for money? It just seemed really random. But then again, there's no denying that college is expensive, and working takes a lot of time away from my studies. So, yes, I was a bit shocked, but curious too! I sat down with an open mind as she explained the process.

"It's totally chill, you just get the emails, find out what the guy is into, and then fill the order. It's all business. Well, not quite. There IS the little detail that most guys want your undies cum soaked, and that's about the TAMEST of requests."

Still, the more she explained, and the more I thought about it, the more sense it made. And it was kinda' hot too! Just the thought of some horny guy in a room somewhere, jerking himself off to the sight and smell of my silky panties, gave me a kinky thrill. Hey, it's only sex. It's natural. And it pays!

In a few weeks, I had a total business in place for myself. I place the ads online once a week, and it reads something like this: Hot college girl will send you her dirty panties — guaranteed fresh. Then, I just sit back and wait for the e-mails to arrive — and arrive they do! The requests are as varied as the day is long. Some guys want thongs, others want boy shorts. Some want white cotton, others want silky black lace. There's no limit to the filthy imagination of horny men, but a few things remain consistent. EVERYONE wants them

used, and well infused with my young musky scent. If you want to stay in business, you have to satisfy your customers, so I do my best to deliver. That's the fun part. It's like having sex has now become something I NEED to do, just to stay a productive working member of society, so I found various methods to keep them well saturated and smelling sexy.

My favorite of course is fucking my boyfriend Rasheed in them. Naturally, I never told him I am sending them off the following day, but he has grown to enjoy screwing me with my panties on. He says my butt looks awesome in panties, so, he is happy as he could be. I just pull them aside, let him slide into me and go to town. The more we fuck, the wetter and more delicious they become. When Rasheed isn't around, I do myself with a vibrator. I sit on the floor mashing my pussy extra hard into the fabric of the panties and picture a strange hunky guy jerking off furiously to the smell of my panties. That gets me good and wet, and then I frig myself with the dildo, getting them nice and soaked before I slip them off and drop them into a zip-lock bag. Off to the post office I go, my little dirty packages in hand.

Hey, a girl's gotta' make a living!
